

ATS Resume Bundle

5 ATS-Friendly Resume Templates + Cover Letter + 45-Point Checklist

What's Inside

This bundle includes everything you need to get past Applicant Tracking Systems and land more interviews.

- **5 ATS-Optimized Resume Templates** — Clean, professional layouts tested against major ATS platforms (Workday, Taleo, Lever, Greenhouse)
- **Cover Letter Template** — ATS-friendly cover letter that complements your resume
- **45-Point ATS Checklist** — Step-by-step guide to ensure every resume passes automated screening
- **Keyword Optimization Guide** — How to identify and place the right keywords for each job
- **Formatting Best Practices** — Fonts, margins, file types, and naming conventions that ATS systems prefer

About the Templates

Each template is designed to be visually clean while containing all the semantic structure ATS systems need to parse your information correctly. No tables, no columns, no graphics — just clean text that machines and humans both love.

Template Formats Included

- Classic Professional — Traditional layout, ideal for corporate roles
- Modern Clean — Slightly more design-forward, perfect for startups and tech
- Executive — Emphasizes leadership and strategic achievements
- Entry-Level — Skills-forward format for early career professionals
- Career Change — Hybrid format that bridges your transferable skills

How to Use

1. Open the template files (compatible with Microsoft Word and Google Docs)
2. Replace placeholder text with your own information
3. Run the 45-point checklist to verify ATS compatibility
4. Save as PDF with the naming convention: FirstName-LastName-Resume.pdf
5. Submit with confidence knowing your resume will be seen by human eyes

Instant download. Compatible with Microsoft Word & Google Docs.
